W. S. Chaplin, chancellor of Washington University, addressed the Tuesday Evening Club of Webster Groves Tuesday when the club held its first meeting of the season at the residence of Colonel R J. Spencer. Mr. Chaplin's subject was "Some Educational Questions of the Present Day."

"Foremost of these," he said, "is the sure indication that, unless things change, women will become the better educated than men, due to numbers of the boys leaving school so much earlier than the girls, and to the increased number of girls taking a college course. Coeducation will finally be universal in America from the fact that the objections raised to it will not be found important enough to weigh against the economy of funds gained by it."

## DEATH CLAIM QUICKLY PAID.

Mrs. Catherine Lane's Family Receive Policy From The Republic.

Another remarkably prompt payment of life insurance has been made by The Re-public Provident plan. Last Sunday Mrs. Catherine Lane, a policy holder, died at her home, No. 286 University street, The Republic was notified on Monday, and on Tuesday morning her family was paid the amount of the policy. Mrs. Lane secured the policy less than three months ago. Virtue is added to life insurance by the Virtue is added to life insurance by the quick meeting of a death claim, a fact which is considered by The Republic Plan. Often this saves a bereaved family the embarrassment of cailing upon friends for temporary assistance or obtaining credit at a time when one wishes to put aside bosiness affairs, worry of this petty kind, in the presence of greater trouble.

As soon as proofs of death are filed with The Republic, payment of the policy is made. This can be done within three hours time.

time.

The cost of policies has been reduced upon the same principle that applies to the cost of newspapers. It has been pointed out that the paper which sold a few years ago at 5 cents a copy is now sold for 1 cent, due to better system in handling the business. In a like manner is it possible to reduce the expense of providing life insurance. This fact enables The Republic Provident Plan to present a proposition which is appealing to many families.
